Here we go again -  
He keeps coming.

Senator Ervin's bill on protecting the privacy of Federal employees, S. 1688, was favorably reported out by the Senate Judiciary Committee on 4 March and passed the Senate without dissenting vote on 7 March. Attached is an excerpt from the Congressional Record which reflects floor statements and the text of the bill. The missing pages set forth the Committee report, a copy of which is attached.

The bill should as in the past be referred to the House Post Office and Civil Service Committee. Our efforts will be with that staff to seek a total exemption for the Agency, as granted the FBI. 25X1A9a

We'd better keep this
